INSTRUCTIONS

Before you begin, wipe a damp sponge over entire bisque to remove dust and contaminants.

1. Paint 1 thick coat of #61 all over the outside of the Santa until no white is showing.
2. When the color has lost its shine, take a slightly damp sponge and gently wipe the color off the pottery. You want to wipe lightly, removing the color from just the raised parts of the texture. This will leave the color in just the cracks, giving it an antiqued look. For best results, continually rinse your sponge in your water bowl while you wipe, as needed, and squeeze out the water well so it doesn't drip onto your pottery.
3. Paint 2 washy coats of #67 on the eyebrows, beard, and cuff of the hat, sleeves, and robe.
4. Paint 2 washy coats of #68 on the face and lip.
5. Paint 2 washy coats of #43 on the hat and robe.
6. Paint 2 washy coats of #29 on the tree.
7. Paint 2 washy coats of #73 on the front and back of the belt, gloves, and tree trunk.
8. Paint 2 washy coats of #19 on the star and bells.
9. With the end of the paint brush handle, add #31 dots on each eye.
